These hours may be applied to the 33 hours required for the major. Additional information about internships may be found on the department's website. Consult with your adviser and/or other professors in the department regarding San Antonio organizations that accept anthropology interns.
STUDY ABROAD
Study abroad can be an especially rewarding learning experience for anthropology majors. The department encourages majors to enroll in an accredited study abroad program in their junior or senior year. Be aware that you have to plan a study abroad experience several semesters in advance. To begin the planning process, contact the study abroad office by sending an email to studyabroad@trinity.edu or calling 210-999-7313 to set up an appointment to speak with a study abroad counselor. Study abroad may be completed during the regular semester or a summer session.
