NOT COMPLETE, COMPLETE, or PENDING

- **Important Rules about the Common Curriculum (CC)**
  - **Seven hour rule** – Students may apply only 7 hours in a single department (or subject area) toward the five Common Curriculum Understandings.

Two courses are required to fulfill this Understanding. One course must focus on the fundamentals of a natural science, and one course must actively involve the student in using scientific methods to explore physical or biological phenomena or technology. One of the two courses may fulfill both the natural science and use of scientific methods requirements.

This section checks the 18 hour CC rule. Excess of 18 hours will be noted “LIMIT EXCEEDED” and the Overall Program Status will be INCOMPLETE.

“Unused Courses” are those that could be used toward CC, however, the requirement to which they pertain is already complete. OR using the course toward an Understanding would violate the “7-hour rule.”
The audit that follows tracks the progress toward institutional, skills, and major/minor requirements.

Status codes are very important!!
NC= non-credit equivalency is used to indicate completion of a SKILL requirement satisfied by experience, high school credit, or placement exam and not a college level course.
NC followed by a 0 (zero) denotes that the SKILL is satisfied but credit hours are not applied to the requirement.
HINT: Look for lines followed by courses needed or credits needed; this lets you know something is missing!
NE = Non-Course Equivalent (placement test)

CR—credit, typically credit by exam (AP, IB, Cambridge)

NC- non-credit equivalency is used to indicate completion of a SKILL requirement satisfied by experience, high school credit, or placement exam and not a college level course. NC followed by a 0 (zero) denotes that the SKILL is satisfied but credit hours are not applied to the requirement.

*NE- non-course equivalency indicates the credit was not earned by college coursework, but rather scores earned on an exam.

*TE- transfer credit equivalency; an asterisk in front of a grade indicates a transfer course.

*PR- pre-registered

Status Codes:

W- waived

C- complete

I- in progress (i.e., one course of two needed to complete the requirement is pending or complete)

N- not started

P- pending completion of unfinished course or courses for which the student is registered.
