A Trinity Summer 2017

Welcome High School Students:

If you are planning to attend a selective college or university, then you could reap significant benefits from A Trinity Summer. This intensive three-week summer residential program provides strong preparation in college-level writing, reading, and discussion to academically gifted rising high school seniors.

A Trinity Summer 2017 participants live on campus and work in small groups with distinguished Trinity faculty, encountering new challenges and experiencing unparalleled growth. Outside the classroom a variety of cultural and recreational activities are available for students to enjoy, including tours of our eighteenth-century Spanish missions and visits to famed San Antonio attractions such as El Mercado and Fiesta Texas.

Students who have completed their junior year of high school by June 2017 and demonstrate high academic ability, motivation, and emotional maturity are eligible for this outstanding program offered by Trinity University, a highly selective liberal arts and sciences university in San Antonio.

Providing superior preparation for the transition from high school to college, A Trinity Summer 2017 lends a new perspective and increased academic stimulation for students of serious academic purpose.

To learn more about A Trinity Summer 2017, or to apply online by May 1, 2017 deadline, visit our website at www.trinity.edu. Feel free to contact us at (800) TRINITY or ats@trinity.edu if you have any questions.

I hope to see you on campus this summer!

Sincerely,

Tim O'Sullivan
Interim Associate Vice President for Academic Affairs
